PERSONAL INFORMATION

Born on: 07/28/1948
Married,
3 children, 2 granddaughters

- **1980:** **Thesis** entitled “Le cartilage articulaire, cet inconnu de la chirurgie orthopédique : biologie du cartilage, étude anatomo-pathologique du cartilage face à une prothèse fémorale cervico-céphalique, état actuel des greffes ostéo-cartilagineuses” (Articular cartilage, the unknown component of orthopedic surgery: cartilage biology, anatomo-pathological study of the cartilage against a cervicocephalic femoral prosthesis, current state of osteocartilaginous grafts) - University of Lyon.
- **1982:** **Thesis of biology and sports medicine** - University of Lyon.
- **1983:** **Thesis of legal compensation of bodily injury** - University of Lyon.

Teaching and Research:

- **1975 to 1982:** **Former intern** of the Hôpitaux de Lyon.
- **1975 to 1980:** **Anatomy assistant** in the anatomy laboratory of the Faculty of Medicine of Lyon. I taught Anatomy and Biomechanics.
- **Since 1976:** I have been working on **cartilage and joint transplants**.
 - **Consultant surgeon** for the BIOMATECH laboratory (Chasse sur Rhône, France): experimental work on **cartilage transplants** and participation in the development of **cartilage cultures** (project named “Cartipatch”).
- **Since 1977:** I have been working on the **dual mobility system and modular prostheses of the hip**.
 - **Patent on “LITHIA”**, my first dual mobility system, with the company SERF (Décines, France).
 - **Patent on a hip prosthesis with an “ante-translaté” modular neck**, with the company SERF (Décines, France).
 - **Co-inventor of the ALPINA knee prosthesis** with the ORA group, with a company called AURA (now BIOMET - Valence, France).
 - **Patent on a bone staple** with the ATF laboratory (France).
 - **Co-inventor of the “Polar System”** with the GILES group, marketed by Smith and Nephew.
 - I am working on the **“Role of the pelvis in the sagittal balance”** (publications: Paris, Lyon, and Toulouse).
 - I developed the **technique of the “gills” osteotomy** of the femur in knee prostheses (publication SFHG).
